

The Evolution and Future of Health Data Exchange: Fulfilling the Promise

May 21, 2019

Recognize this?

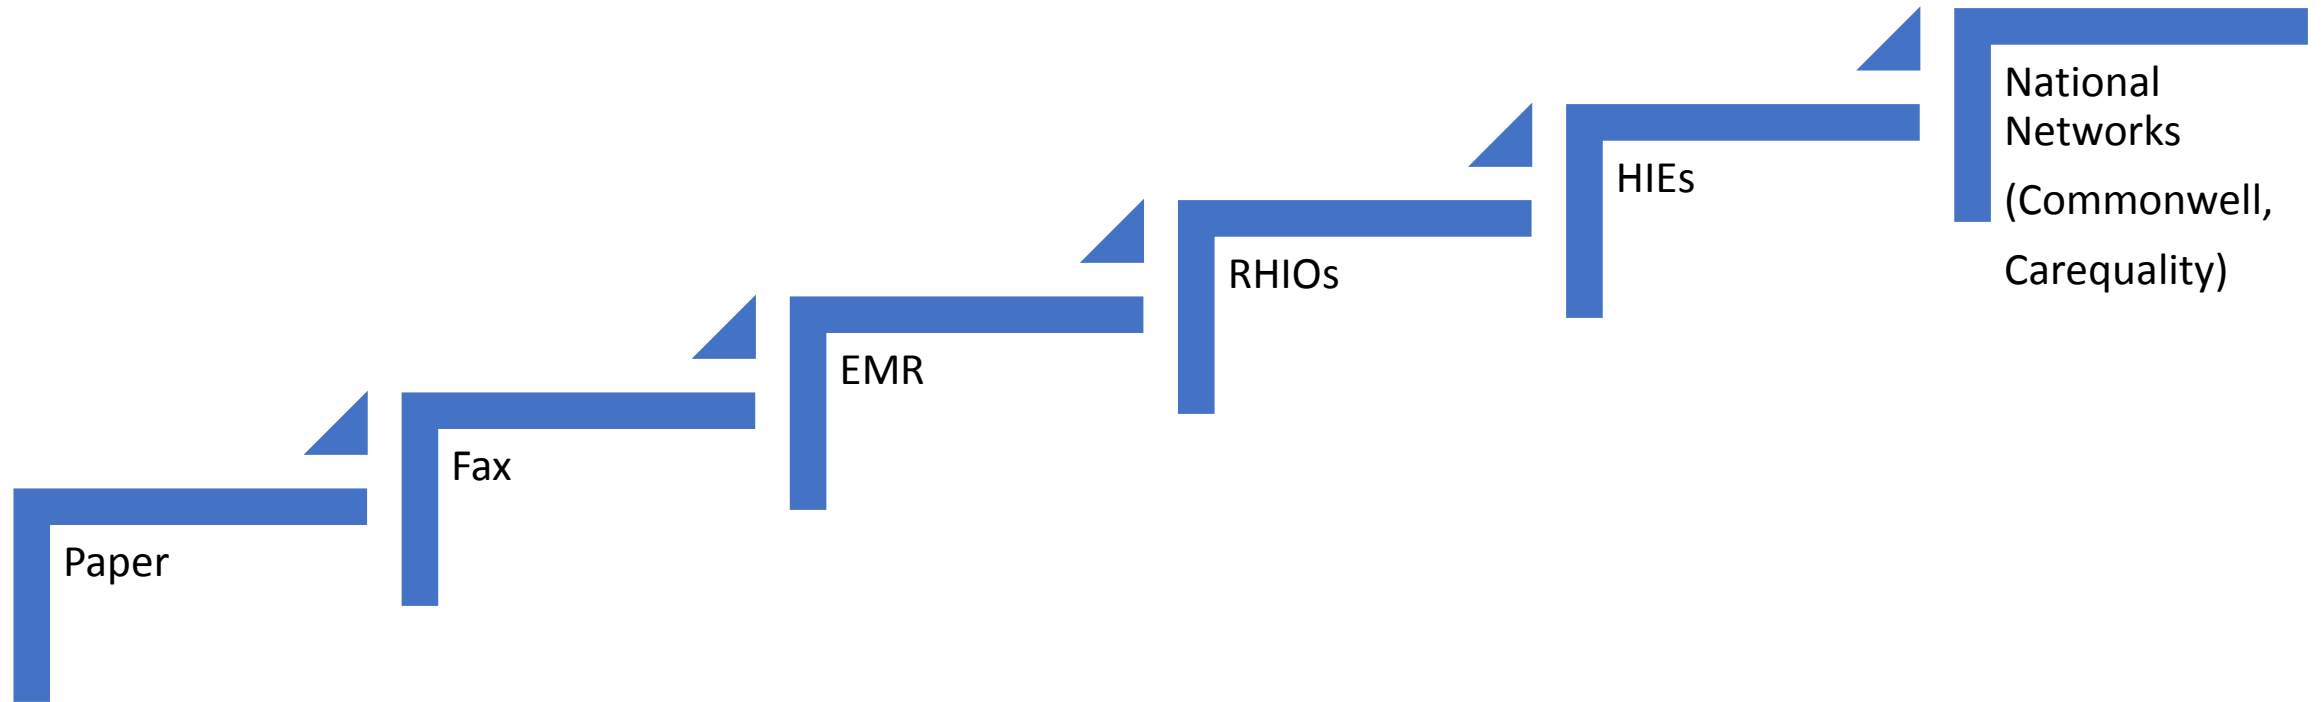

And this?

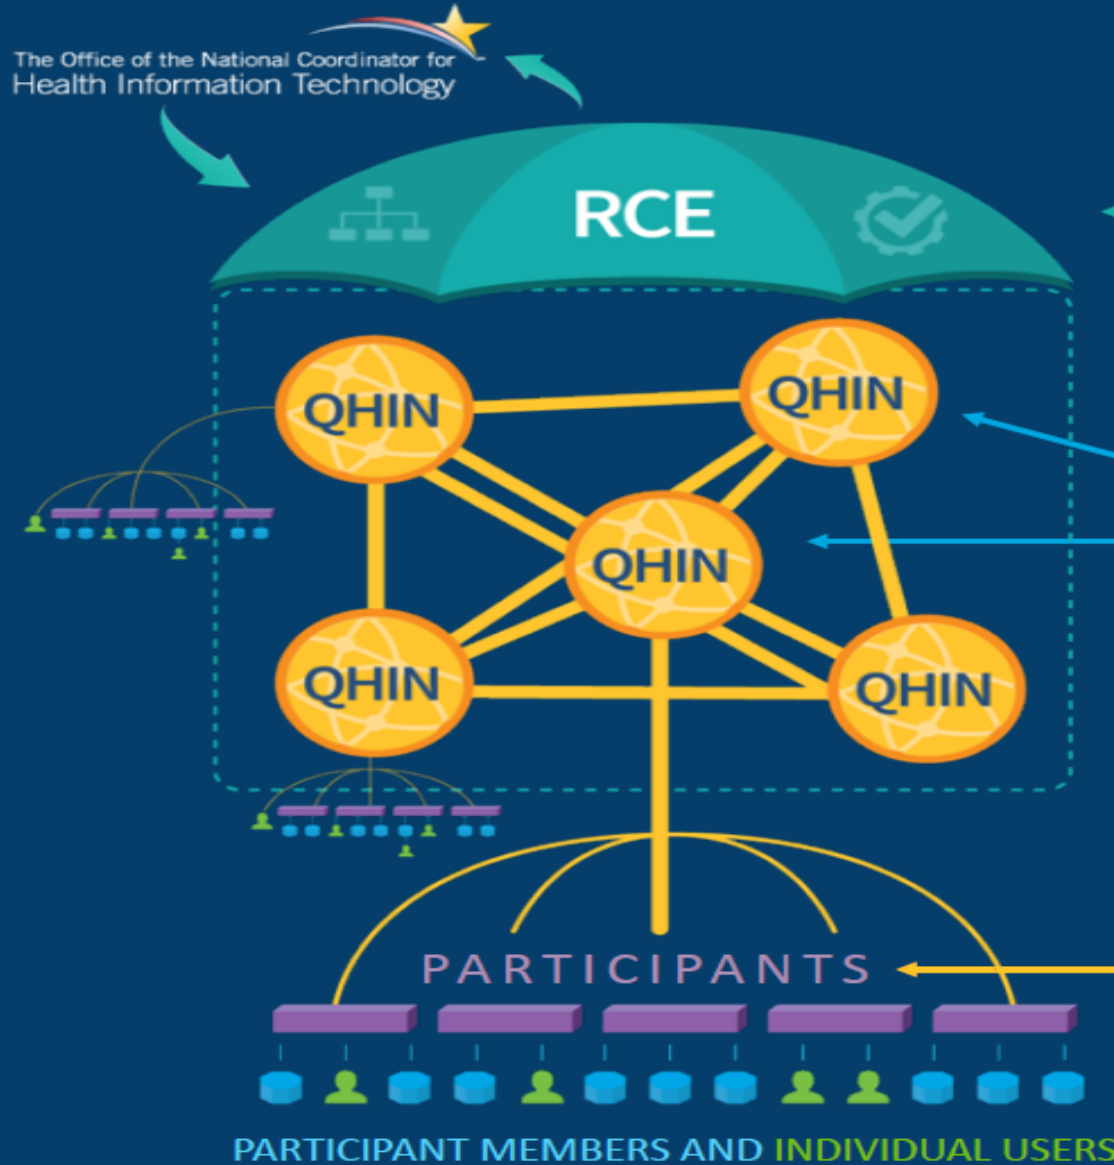

How About This?

How did we get here?

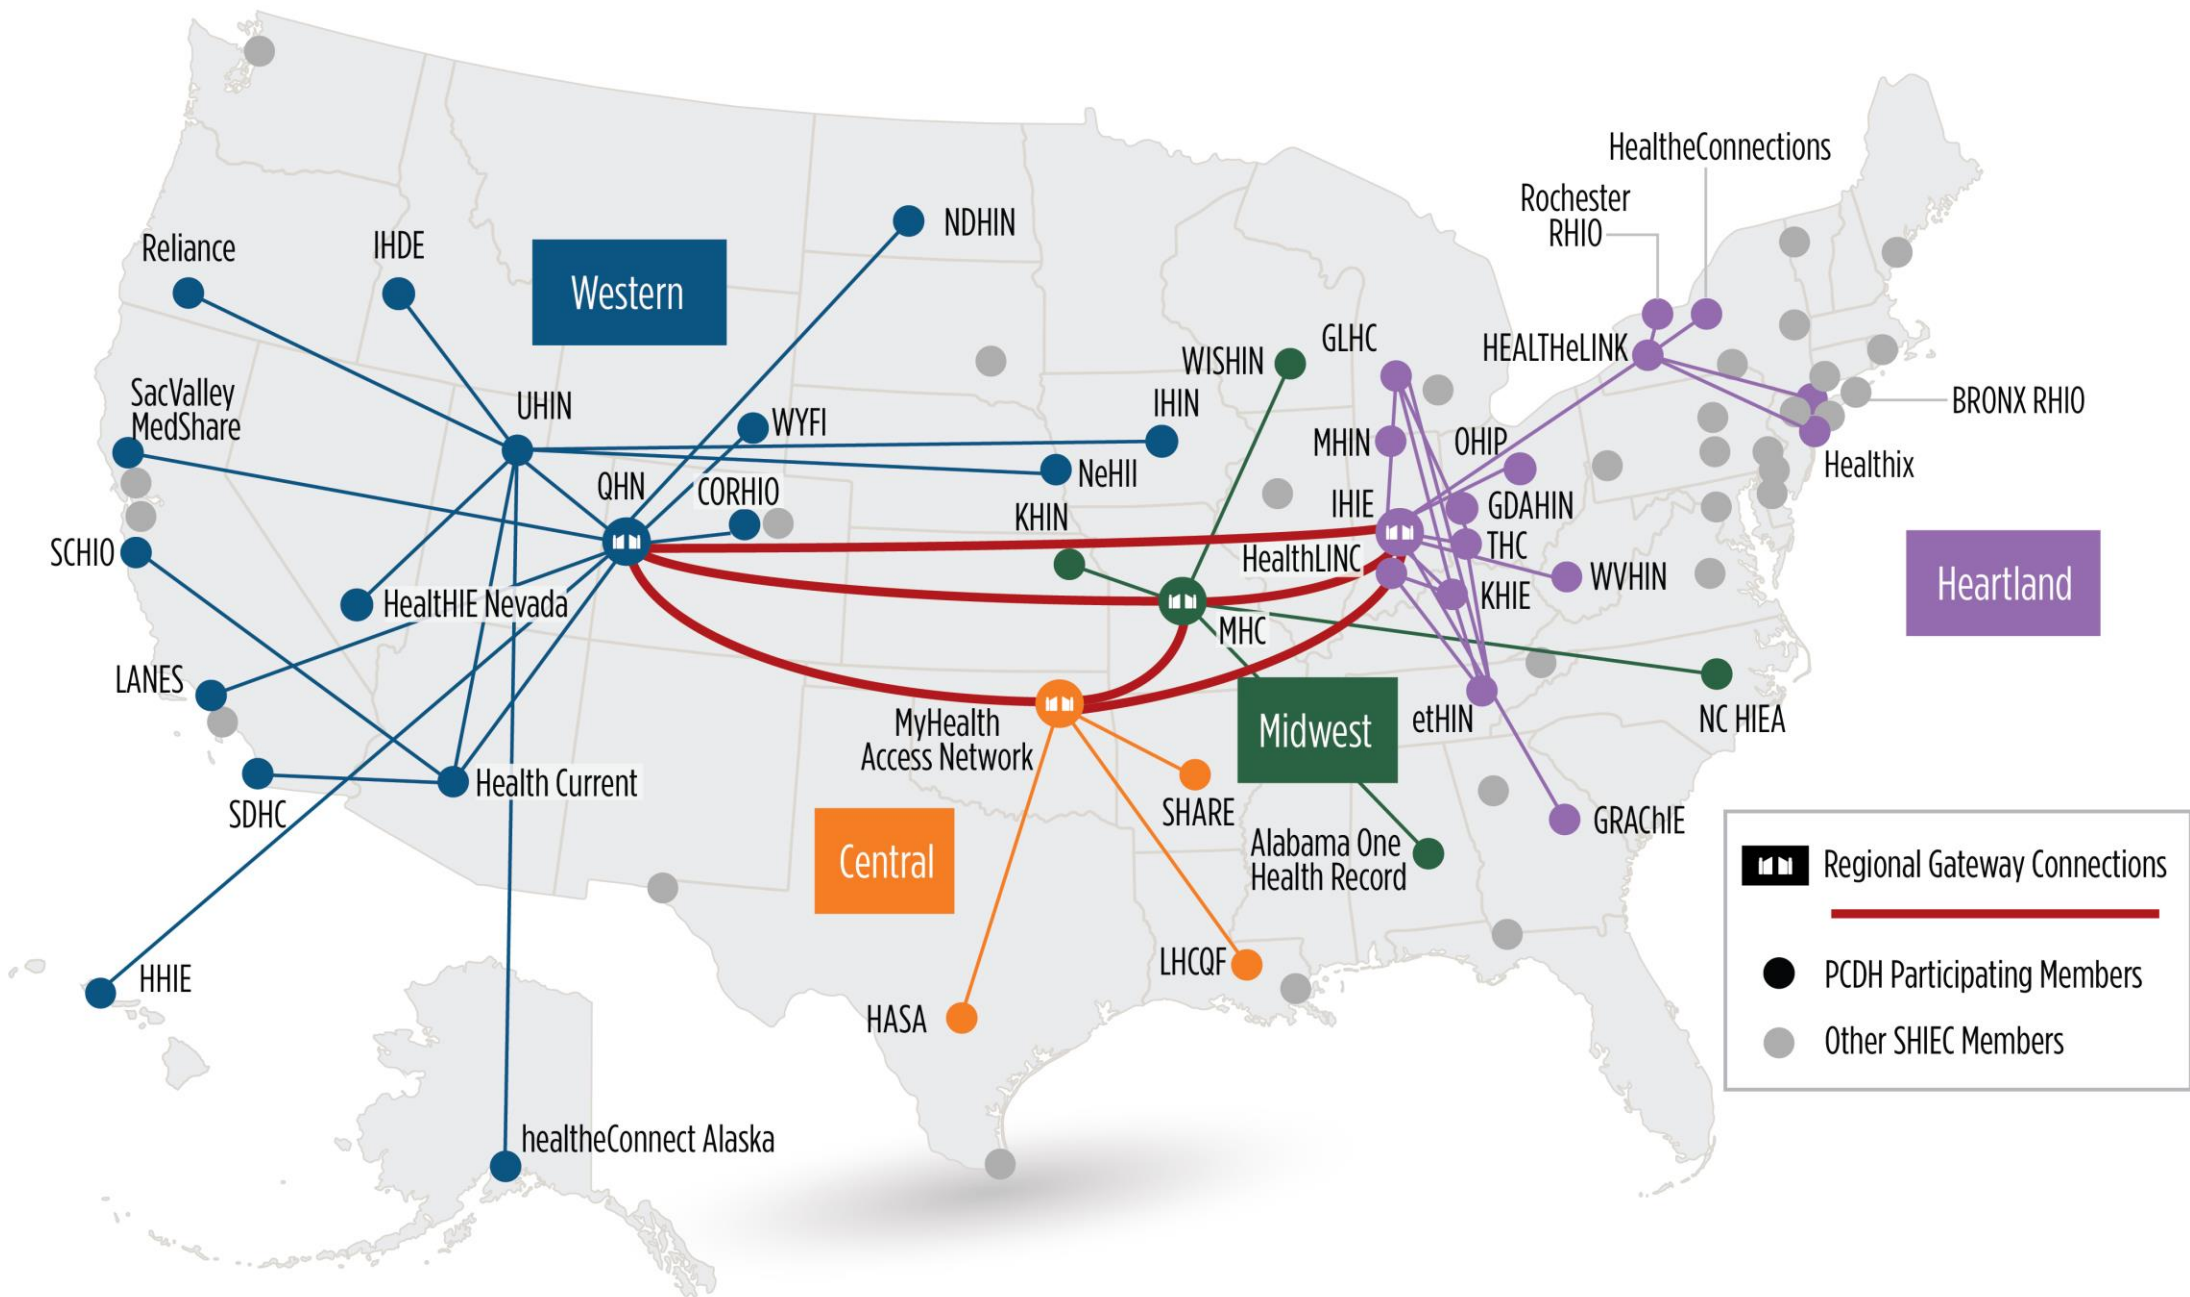

How Will the Common Agreement Work?

RCE provides oversight and governance for QHINs.

QHINs connect directly to each other to facilitate nationwide interoperability.

Each QHIN represents a variety of Participants that they connect together, serving a wide range of Participant Members and Individual Users.

	Regional Gateway Connections
	
	PCDH Participating Members
	Other SHIEC Members
